

BY JOHN H. OBERLY & CO.

CAIRO, ILLINOIS, NOVEMBER 9, 1870.

ONLY DAILY PAPER IN EGYPT.

The Bulletin. Glory Enough!

Balloons have already proved so serviceable to the French during the present war that it is gravely proposed to provision Paris by this means. It is thought that large quantities of Liebig's extract of beef can be dropped into the city by means of balloons. The possibility of this is just about as great as would be a Prussian assault on Paris by the same means. Unalike improvement is made in the science of aerial navigation, by which the balloon can be superseded by a more manageable vessel, we must regard it as of little practical service beyond that it is already put to.

If there was any part of the country where it might be reasonably expected that the census of 1870 would show a decrease of population, it would be East Tennessee. During the war there was a frightful intestine struggle there, and neighbor was arrayed against neighbor in martial combat. But we observe that it has increased 55,490. Its population in 1870 is 331,135. In 1860 it was 272,645.

Justice Strong has decided that Congress could not interpret a law, and that the income tax having expired January 1, 1870, was consequently null and void until re-enacted. Commissioner Douglas has taken steps to have this decision brought up for early revision by the Supreme Court, in order that, if sustained, the department can arrange to refund what has been collected, and cease its collection for the period during which it was authorized by law.

Census returns for 1870 show Ohio to have a population of 2,652,302, an increase of barely thirteen per cent., or only 312,791 over the census of 1860, which was 2,339,512.

Illinois has now 2,529,410 souls, just 122,892 less than Ohio. Her increase in the last ten years has been more than fifty per cent. In 1860 her population was 1,711,951. Her increase in the last ten years was 817,459. The next census will make her the second State in population. Pennsylvania must permit her to take rank next to New York. In twenty years to-wit, in 1890, at the present rate of increase, the State must take care of her laurels.

The precautions of the Mayor to insure peace and quiet in the city, yesterday, is deserving of all praise. The city was full of negroes, as many as two hundred of them having come from all points on either river to vote, and as the result shows, a number of them to vote illegally. The excitement on either side had been worked up to fever heat, and the struggle for the ascendancy in the city was active and determined. But, thanks to the vigilance and efficiency of the police, and the determination of the better class of citizens to preserve peace, the day passed off without any disturbance of any character.

On the part of the Democratic citizens there was an invincible determination to preserve the peace. In this determination they were joined by the respectable Radical citizens, and peace and quiet were the result.

Democratic Victories.

The returns received up to noon to-day show the most gratifying Democratic gains and triumphs everywhere.

There is no longer any doubt of the triumphant election of the Democratic ticket in Alexander county, and of the election of Col. John M. Crebs to Congress from the 13th Congressional District. We also feel assured of the election of Holcomb and Gibson to the State Senate.

From abroad the news is equally gratifying to the Democracy. The Hon. Sam Marshall has increased his majority three or four thousand votes, and the indications are that the Radical ticket, if elected at all, will succeed by a greatly-reduced majority.

Judge E. Y. Rice, Democrat, is elected to Congress from the Sixth district by a majority of three thousand votes. As to the complexion of the Legislature we have received no definite returns. Of one thing, however, we are certain, Alexander county will be represented by Hon. H. Watson Webb, a sound Democrat.

Details will be found elsewhere.

Crebs Elected.

Crebs Elected.

Holcomb and Gibson Ditto.

WEBB ELECTED

IRVIN ELECTED!

Gossman Elected.

A CLEAN SWEEP, AND A GLORIOUS DEMOCRATIC TRIUMPH.

Enough has been learned of the election yesterday to warrant us in saying that the gallant Colonel Crebs has been re-elected to Congress by a majority somewhere between 500 and 1,500 votes.

This is truly a splendid victory, when it is remembered that it has been achieved in the presence of 1,500 to 2,000 negroes in the District, and in spite of the machinations and money of the partisans of Col. Crebs's opponent.

We have also reason to believe that Linegar and Castles have been defeated in the contest for seats in the State Senate, by those true and honest Democrats, Thomas A. E. Holcomb and Simon K. Gibson.

And again, H. Watson Webb is elected to the Legislature from Alexander county. The most sanguine Democrat scarcely counted upon so brilliant and decided a victory as Mr. Webb has achieved.

And again, A. H. Irvin has distanced his Radical competitor, Brown, on sight. The untimely voters of Alexander county have declared by a majority of 300 or 350 that A. H. Irvin shall be their next Sheriff.

JAMES C. ROBINSON ELECTED.

A private dispatch from Springfield, Illinois, dated at 11 o'clock to-day, conveys the cheering news that the Hon. James C. Robinson has been elected to Congress from the Eighth district, heretofore represented by a Radical.

HON. ALEXANDER STARNE ELECTED.

There seems to be no end to the good news. A private dispatch placed in our hands at noon to-day, says that the Hon. Alexander Starne, Democrat, has been elected State Senator from Sangamon county, by a majority of over 1000 votes.

CAIRO AND ST. LOUIS.

From the following information which we gather from the Pinckneyville Banner of the 5th instant, we gather the assurance that Cairo will soon be placed in closer connection with St. Louis. The Banner says: The track-layers will reach Cairoville to-day, having been somewhat delayed by the rainy weather. The track at DuQuoin has been put down from the crossing down to the station house, east of the Central. The telegraph wire has been put up between here and DuQuoin, and Pinckneyville has not only a railroad, but also telegraph wire. The posts used are of cedar, best quality. The workmen are now making preparations to put up the depot building at this place. Supplies are still going forward in large quantities, and we soon expect to take our "initial ride" to St. Louis.

SUREWOLD parties—the Friends. They have just called on Grant to thank him for having assigned the Indians over to them nearly two years ago. They waited to see how it paid first.

THE ELECTION.

Glorious Democratic Triumphs.

TREMENDOUS DEMOCRATIC GAINS.

Democratic Thunder All Around the Sky.

The election returns received up to the hour of going to press to-day tell of splendid Democratic victories and unprecedented Democratic gains.

Commencing at home the Democrats have triumphed in the city despite the most persistent and unflagging efforts of the opposition; and the ingathering of more than two hundred negroes from all points of the compass. The triumph has been fairly and honestly won, and proclaims Cairo Democratic still.

The vote in the city is as follows:

CANDIDATES.	SOUTH CAIRO.	NORTH CAIRO.
Congressmen—At-Large		
Anderson	282	282
Logan	282	282
Treasurer		
Crebs	572	572
Linegar	272	272
Castles	272	272
State Senators		
Starne	1024	1024
Gibson	1024	1024
Representative		
Robinson	224	224
Wheeler	224	224
County Clerk		
Irvin	342	342
Brown	342	342
County Jailor		
Gossman	224	224
Ostloch	224	224

ALEXANDER COUNTY.

Full returns from the country precincts had not been received at the hour of going to press, but such as did come to hand show splendid Democratic gains.

In this precinct, where quite a number of negroes are domiciled, the majority for the Democratic ticket is said to be 9 votes.

SANTA FE PRECINCT.

This precinct gives the Democratic ticket 24 majority.

THIRDS PRECINCT.

The home of Martin Brown, Radical candidate for Sheriff, gives Mr. Irvin 6 majority; Crebs and the balance of the Democratic ticket 10 majority.

UNION PRECINCT.

Democratic ticket prevailed by 51 majority. A gain over 1868 of 20. Webb received 41 votes, Wilcox 33; Crebs 88, Munn 35; vote for State Senators the same. Irvin's majority over Brown is said to be 61. Gossman beats Osterloh 49.

GOOSE ISLAND.

This sound, never-failing Democratic precinct sends us greeting in a Democratic majority of 71 for all the Democratic candidates.

FROM OTHER POINTS.

Ashley, in Washington county, gives Anderson 192, Logan 143; Feinse 193, Bateman 138.

Munn is said to have carried Du Quoin by 306, while, despite the negro vote, shows a Radical loss.

The result between Wentworth and Farwell, is still in doubt. The Radicals claim Farwell's election by 1,000 majority.

In the St. or Springfield district it is believed that that able and invincible Democrat, Jim Robinson, is elected to Congress. If so it is a Democratic gain.

PULASKI COUNTY.

For the following information we are indebted to our obliging friend Fred. S. Kent, of the Western Union Telegraph.

MOUND CITY PRECINCT.

In this precinct the Radicals counted 100 majority on from 1868, but Munn beat Crebs only four votes; Logan beat Anderson 8 votes. The vote for Sheriff stood, Carter, Democrat 241; Kennedy, Radical, 211.

MOUNDS JUNCTION.

In this precinct a large negro vote was polled. Logan received 100 votes; Anderson 46; Munn 98; Crebs 47.

Linegar 100, Castles 100; Holcomb 46; Gibson 47. For Sheriff, Kennedy received 90, and Carter 57.

PULASKI PRECINCT.

This precinct usually goes largely against the Democrats. The vote yesterday stood: Logan 72, Anderson 66; Munn 67, Crebs 67; Casey 68; Brown 62; Carter 69; Kennedy 61.

LATER.—Information from Mound City, received since placing the above in type, gives us the gratifying assurance that Munn has carried Pulaski county by a majority of only 109 votes. The Democrats, before the election, conceded Pulaski county to Munn by 350 majority.

John W. Carter, Democratic candidate for Sheriff, is defeated by a small majority.

CLEAR CREEK PRECINCT.

This stronghold of Radicalism is tottering. In 1868 Grant's majority was 107. Munn's majority yesterday was 60; Brown's only 11; and Webb and Wilcox are said to be at stand off.

HAZELWOOD PRECINCT.

At 3 o'clock to-day we had no reliable intelligence from Hazelwood. In 1868 it gave a Radical majority of 17. Say that the Radicals hold their own (which is scarcely probable), Col. Crebs majority in the county will be 158—in view of which we can say "all hail Alexander county."

WILLIAMSON COUNTY.

Col. Crebs has carried Williamson county by a majority of 51 votes. This is one hundred votes better than any Democrat expected Williamson to do.

UNION COUNTY.

Anna precinct gives Anderson a majority of 115; Riddly 125; Feinse 126; Crebs 123; Holcomb 127; Gibson 121; and Rich, for Representative 163.

DONGOLA PRECINCT.

Anderson 302; Logan 126; Crebs 301; Munn 123 Linegar and Castles 121 each; Gibson and Holcomb 301 each—a considerable Democratic gain.

The majority on the Radical State ticket in Makanda is said to be 36.

The Democrats carry Jonesboro by a majority of 203.

Three precincts in Union county give Crebs a majority of over 500 votes. Colborn is reported Democratic.

WILLIAMSON COUNTY.

A branch county (Cahoonville) gives "Williamson county has gone Democratic by a majority of 62. This county was conceded to the Radicals.

JACKSON COUNTY.

Carbondale, with a large negro vote has given Logan a majority of 198, and Munn 150.

It is reported that the county has gone Democratic; but before claiming it, we will await further returns.

We may now safely say that Egypt, true to herself and the interests of the masses, stands proudly erect, Democratic to the core.

All Hail Glorious Old Union!

Union county, ever true to Democratic men and measures, sends us word that her sovereigns "gathered from hill and valley" and rolled up a majority of nine hundred and sixty for Colonel Crebs and the entire Democratic ticket. She has elected a Democratic representative to the Legislature, and given a majority for Holcomb and Gibson for the State Senate, that secures the election of those gentlemen beyond peradventure.

Jas. C. Robinson Undoubtedly Elected.

(Special Dispatch to the Cairo Bulletin.)

SPRINGFIELD, ILL., Nov. 9th.—12:30 P. M.—The Hon. James C. Robinson, Democrat, is undoubtedly elected to Congress from this, the Sixth District, by over one thousand majority. This is a Democratic gain.

News coming in from all parts of the State show immense Democratic gains.

Turn which way we may, we see proofs not to be ignored, that the sovereigns of the West are determined to free themselves from the New England shackles the Radical party has fastened upon them.

Radical Cohorts Overthrown.

The lightning flashes us intelligence from the city of New York that Democratic freemen there rallied, and in spite of all attempts at intimidation by 7,000 soldiers of the United States army, and 15,000 minions of General Grant, rolled up a majority of 55,000 to 60,000 votes. Hoffman is elected; the whole Democratic ticket is elected by a majority that shows that the Democrats of New York don't scare worth a cent.

Irvin Elected.

It affords us the sincerest pleasure to announce the election of Alexander H. Irvin to the office of Sheriff of Alexander county. His majority will fall little, if any, short of 350 votes.

This recognition of Mr. Irvin's ability and worth is deserved, and we sincerely congratulate the people, Radicals as well as Democrats on the score of his election.

Hon. H. Watson Webb Elected.

All the precincts in the county except Hazelwood, have been heard from, and we say with the greatest confidence that H. Watson Webb will represent Alexander county in the next Legislature. His majority will be fully 200.

The Democracy in town and country alike, have done well. The BULLETIN has been ridiculed for claiming Alexander county as Democratic by 150 majority. Please, now, look at the figures. Hurrah for Webb!

John H. Gossman Elected.

John H. Gossman, the Democratic candidate for Coroner of Alexander county, has been elected by a majority of over 200 votes, and that, too, over an upright, honest and popular Radical citizen.

The people are waking up, don't you see?

Missouri All Right.

The news that reaches us from Missouri is to the effect that B. Grata Brown has been elected Governor by a large majority.

The Democratic ticket in St. Louis county has been elected by a majority of nearly 2000 votes. Hon. Erasmus Wells has been elected to Congress.

Kentucky and Maryland Erect.

Kentucky and Maryland have given heavy Democratic majorities. The seceding returns received indicate a solid Democratic Congressional delegation from both States.

Have You Heard from Massac?

Just as we go to press we hear from Massac county, where the Radicals expected to give Munn 250 majority, but where that individual received only 114 majority! And so it goes. God bless little Massac! She'll get right yet.

What of Perry County?

A telegram received from DuQuoin at 2 p. m., to-day, says Munn's majority in Perry county will fall under 200. Two years ago that county gave Raum (Radical) a majority of 630.

We need scarcely apologize for devoting so much space to election returns. We do it in obedience to a very general and intense desire on the part of the public to learn the result.

This is a Western Radical rooster that persisted in feeding on high tariff doctrine and in crowing in the interest of England manufacturers and untaxed goods. Look, now, what he's come to!

LATEST AND BEST!

Perry county "Almost Over."

A dispatch to Messrs. Milkey & Wheeler from Col. Townes of Du Quoin says: "Perry county gives Munn only 36 majority. A Democratic Sheriff is elected, and there is a fair chance for the success of all the Independent candidates."

Perry county gave Raum 700 majority, and Munn claimed it by 500.

Condensed Telegrams.

A Madrid dispatch says 9,000 more soldiers are to be sent to Cuba.

Senator Yates is confined to his bed, at his house in Jacksonville, by an attack of bilious fever.

Ground was broken at Des Moines, yesterday, for the new State Capitol. Gov. Morrill officiated with the shovel.

The Canada Government has consented to allow American fishing vessels to obtain supplies of stores in Canadian ports.

There is reported to be a general feeling in France favorable to making the Duc d'Anjou President of the Republic.

John Campbell's wooden mill at Manayunk, Pennsylvania, was burned on Sunday night. Loss estimated at \$80,000; insured \$45,000.

The director of the National Railway company in Philadelphia want to buy connecting roads for a line between Philadelphia and New York.

The docket of the circuit court of La Salle county, Illinois, now in session, contains 451 cases—61 criminal, 5 railroad, 260 common law, and 102 chancery.

The New York World says Daniel McFarland has been placed in an insane asylum by his friends, who declare him subject to paroxysms of violent and incurable rage.

Telegrams from Shanghai say the Chinese continue their warlike preparations. They were importing arms and ammunition. No further outrages on foreigners are reported.

A counterfeit bond of \$10,000 was passed on the bank of California a day or two ago, by a man named Van Tassel. He escaped with the proceeds, and it is supposed has gone to South America.

An old man named Conghlin, from La Salle, attempted to jump from a moving freight train at Ottawa, Ill., on Saturday evening, but caught under the wheels, and both his legs were crushed. He died in ten minutes.

The report that M. Thiers had received orders to break off negotiations for an armistice between France and Germany, is entirely unfounded. M. Thiers is recovering by the North German Minister at Washington.

The Madrid Correspondence denies the statements in the New York Herald relative to the sale of Cuba. The Correspondence is the organ of Senor Moret, Minister of the Colonies, and its utterances therefore may be regarded as official.

There is again a rumor in Washington that Chief Justice Chase has determined to resign, and that Judge Carter of the District Court will be offered the position. It is also said that Senator Drake of Missouri will be appointed Chief Justice of the Court of Claims, vice Judge Casey.

Mr. Chapman, an old engineer of the Chicago and Rock Island road, while attempting to get on the accommodation train at Morris, Ill., fell under the wheels, crushing his right arm, so that amputation was necessary just above the elbow. He will be removed to this city.

Charles Webb, barkeeper for John Gossman, owner of a Memphis saloon, was choked to death on Saturday night. He was privately buried on Sunday, but next day the body was exhumed and an inquest held. The police are looking for Cogrove, who is believed to be the murderer.

It appears that the mail car as well as the express on the Central Pacific railroad was robbed the other day, the robbers securing a large amount of bonds and greenbacks estimated at a high percentage of a million. Wells Fargo & Co. offer \$10,000 for the apprehension of the robbers. A well organized pursuit has been instigated against both bands.

There Were Giants in those days.

In one of his recent lectures, Prof. Silliman, the younger, alluded to the discovery of the skeleton of an enormous lizard of eighty feet. The Professor, interested as a living specimen of such magnitude has been found, that the species which it represents had degenerated. The verity of his position he rather singularly endeavored to enforce by an allusion to the well-known existence of giants in old times. The following list is the data upon which the singular hypothesis is based:

The giant was killed at Ronen, in 1830, the Professor says, measured nearly eighteen feet.

Garapin saw a girl that was ten feet high. Fannum, who lived in the time of Bonaparte II, measured eleven and a half feet. The Chevalier Scrog, in his voyage to the Peak of Teneriff, found in one of the caverns of that mountain the head of the Guech, who had sixty teeth, and was not less than fifteen feet high.

The giant Rocart, slain by Orlando, nephew of Charlemagne, was twenty feet high.

In 1500, near Rouen, was found a skeleton whose skull held a basket of corn, and who was nineteen feet high.

The giant Rocart was thirty-three feet high; his thigh-bones were found in 1792 near the River Modon.

tolochus Rex." The skeleton was found entire, twenty-two and a fourth feet long, ten feet across the shoulders, and five feet from the breast bone to the back.

Near Palermo, in Sicily, in 1816, was found the skeleton of a giant thirty feet high, and in 1850, another forty-four feet high.

Near Mazerino, in Sicily, in 1815, was found the skeleton of a giant thirty feet high. The head was the size of a horse's head, and each of his teeth weighed five ounces.

We have no doubt there were giants in those days, and the past was more prolific in producing them than the present. But the history of giants during the olden time was far more than that of dwarfs, several of whom were even smaller than the Thumb and Nuts of our time.

LOST AT SEA.

Particulars of the Loss of the Steamer Varuna.—The passengers and all but five of the crew lay down with the vessel.

SARATOGA, Nov. 7.—On the 30th of October, at 10 p. m., the steamship Varuna, bound for the Gulf stream, thirty miles from Jupiter Inlet, Fla., the Florida coast, during one of the most terrible hurricanes ever witnessed in that latitude. The steamer was thrown on her beam ends, and went down, only allowing time for two lifeboats to put off. One of these, containing Captain Spencer, the engineers, and firemen, ten men in all, was carried down with the vessel, while the other, containing seven of the crew, was finally beached on Jupiter Inlet. Two of the men, Samuel McCormack, fireman, and James Flynn, seaman, losing their lives in the breakers, the remaining five, W. Kirtland, second mate; Wm. Wallace, quartermaster; Thomas Glennon, James Burns, and George Watson, seamen, arrived to-day from Florida, and left for New York.

Wallace's account says: "We left New York on Saturday night, at 7 o'clock, and had fine weather up to the morning of October 20, when the wind sprang up from the South. At noon there was a moderate gale. As the sun went down it was blowing a perfect hurricane. All went well until 8 o'clock, when the wind shifted suddenly to the southeast, when the ship became unmanageable, and, having a lift to part, the sea commenced fishing on board on the lee side of the ship, staying in the bulwarks and cabin door. We tried to get her before the wind, and put on all the steam we could, but it was no use. I was at the wheel, and we brought her up and tried to fix the cabin door, but the sea was running on her bow, and she began to heel. The men could not work. We then twisted her till she lay on her side, but it was blown into ribbons, as if it had been paper. By this time the sea had stove in the engine house, and was rushing down into the fire and engine room at the rate of many tons per minute, and the ship was lifting over the more a shower of fire shot out of the funnel. The wheel after I left the engine stopped, and went aft to get some water. I was very thirsty, and then managed to get on the hurricane deck, when I found the two small boats were gone from the ship, and the men were getting the other boats ready. I was still so thirsty that I came back to the Captain's room and got a drink, and opened the weather cabin door to see how the passengers were behaving, but did not see a soul, as they were all in their state-rooms unable to come out on account of the ship's lying on her beam ends. I then came on the hurricane deck and got into the after boat with six others then in it. It was lying on the deck waiting for the ship to go down, she then being nearly on her
